Request for Soviet Territorial-Administrative Information

REF : ID Memo #1420, dated 21 May 1956, addressed to the attention of

25X1A9a

1. Enclosed herewith is G/I-193, a listing of rayons along the state boundaries of the USSR. The list is arranged in the geographical order and within the limits of coverage requested by TSS/ID in the referenced memo.

2. Administrative data used in this study are believed to be correct as of 1 May 1956. In cases where recent administrative changes have affected the list, explanatory notes are included.

3. Recent maps showing rayon boundaries are not available for several of the larger administrative units involved, so the listing for such units is tentative. These units (Karelo-Finskaya SSR, Litovskaya SSR, and Kaliningradskaya SSR) have been marked as questionable (?).
